### THE NEW EBOOK FROM ARGOTIST EBOOKS IS "THE POSIT TRILOGY" BY ADAM FIELED

Posted on September 10, 2017 by Jeffrey Side

The new ebook from Argotist Ebooks is "The Posit Trilogy" by Adam Fieled.

#### Description:

"The Posit Trilogy" initiates a cycle, and then repeats it twice: a kind of Father, Son, Holy Ghost structure around the poet's quest to achieve self-hood, through analysis of different kinds of subjectivity (visionary, practical), explorations of dreams (consciousness creating its own kind of mazes and matrixes to wander around in) and attempted resonances with the American city of Philadelphia (birthplace of America, enchanted by history, architecture, hidden depths, and interstitial, subterranean structures). The cycles that constitute "The Posit Trilogy" ricochet back and forth, with an eye towards creating a poetic landscape individual, idiosyncratic, and loopy enough to stimulate any human brain receptive to its advances.
